

# Globalstar Aviation Voice & Data Communication Solutions

Globalstar's **NEW Aviation Voice & Data Solutions** allows you to stay connected directly from your cockpit. For Part 23 Non-Pressurized aircraft, our STC'd aviation antenna mounts to the top of the aircraft and, when connected to the STC'd **Globalstar Satellite Phone Cradle** or the **Globalstar Sat-Fi®**, allows for voice and data communication while in-flight and completely independent of cellular coverage. Pilots and their passengers can make and receive calls, send and receive emails as well as check weather in flight. Globalstar's satellite network has data speeds 4x faster than the competition in our class and category.

## KEY FEATURES

- Call ahead to FBO
- Crystal-clear voice quality to phone business, family and friends during flight
- Fastest data speeds to send and receive emails and to download files
- U.S.-based phone number for hassle free dialing
- Monitor flights in near real-time using Google Maps™ on the SPOT App via phone or tablet
- Lockheed Martin Flight Service (LMFS) Flight Plan Deviation Monitoring for Visual Flight Rules (VFR) during flight
- Direct dial 911 dialing right out of the box in case of emergencies

## GSP-1700 SATELLITE PHONE & DATA PACKAGE (\$1,600\*)

The GSP-1700 Package is ideal for the "pilot on the go" who wants and needs the convenience of portable satellite communications. Small and lightweight, the GSP-1700 allows you to go from cockpit to car, beach, hangar or wherever your final destination without being tethered to your aircraft.

### PACKAGE INCLUDES

- GSP-1700 Satellite Phone
- Globalstar 9600™ Data Hotspot
- Aviation Antenna
- Aviation Installation Kit
- SPOT TRACE® (first year of Basic Service is included)
- 14 and 28 Volt Options Available

## SAT-FI SATELLITE DUAL VOLTAGE VOICE & DATA PACKAGE (\$1700\*)

The Sat-Fi Package is perfect for pilots who want to provide affordable voice and data services to their passengers. Our small and portable Sat-Fi allows up to 8 smart devices to connect to the Globalstar satellite network through Wi-Fi, so your passengers can be productive and run their business even in the air.

### PACKAGE INCLUDES

- Globalstar Sat-Fi
- Aviation Antenna
- SPOT TRACE (first year of Basic Service is included)
